OUR TILES

Our Delft collection is available in three sizes: 10cm, 12.5cm and 15cm, all featuring a gloss glaze finish.

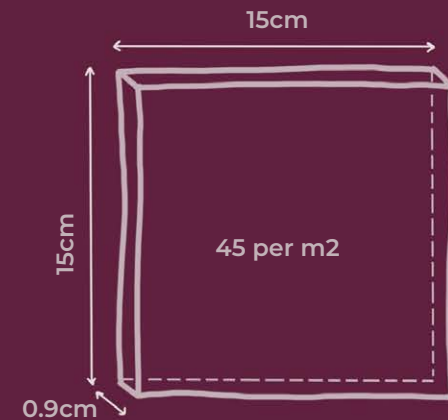

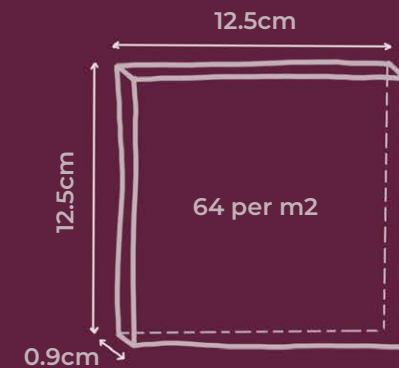

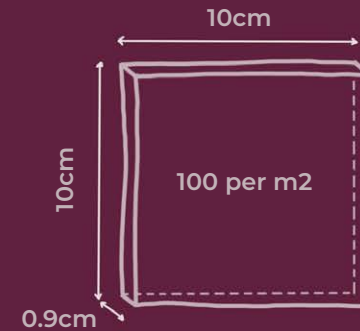

Choose the classic 12.5cm with rustic finish, or opt for our 10 or 15cm tiles, which feature a smooth surface and crisp, straight edges.

Our tiles are made to order.
Please allow a 4-6 week lead time.

Please note our designs stay at the same scale across all three sizes.

Not suitable for floors.

PLAIN FIELD TILE

Reduced to essentials: minimal line, simple colour, clean form. A field tile that gives you space to breathe, contrast or use as grounding for more pattern.

CORNERS ONLY

A clever set of tiles that live in the margins: designed to sit at corners, borders, niche edges, as the finishing flourish rather than the centre of the room.

SEPIA

A decorative page featuring a large, stylized, purple letter 'K' in the center. The page is adorned with four floral motifs, each consisting of a central stem with three leaves, positioned in the corners. The background is a light, textured cream color.

A decorative endpaper featuring a large, stylized blue letter 'M' in the center. The 'M' has a textured, slightly distressed appearance. In the four corners, there are blue floral or starburst motifs, each with five points or petals. The background is a light cream or off-white color.

A decorative page from a manuscript. In the center is a large, bold, red initial letter 'O'. The page is white with four red floral motifs, each in a corner. The motifs are stylized, with multiple pointed petals radiating from a central point.

A decorative page featuring a large, stylized, dark red letter 'W' in the center. The page is cream-colored and adorned with four identical floral motifs, each in the corner. Each motif consists of a central stem with three pointed, leaf-like shapes extending from it, all in a dark red color.

DELFT FLOOR TILES

Introducing our Delft Floor Tiles, where playful design meets everyday durability.

Our floor tiles were created out of personal need, after searching in vain for Petra's laundry room, this collection brings that same timeless charm to low-traffic spaces like bars, cloakrooms, back corridors, laundry rooms, and studies.

A fresh take on a classic, steeped in heritage, made for today.

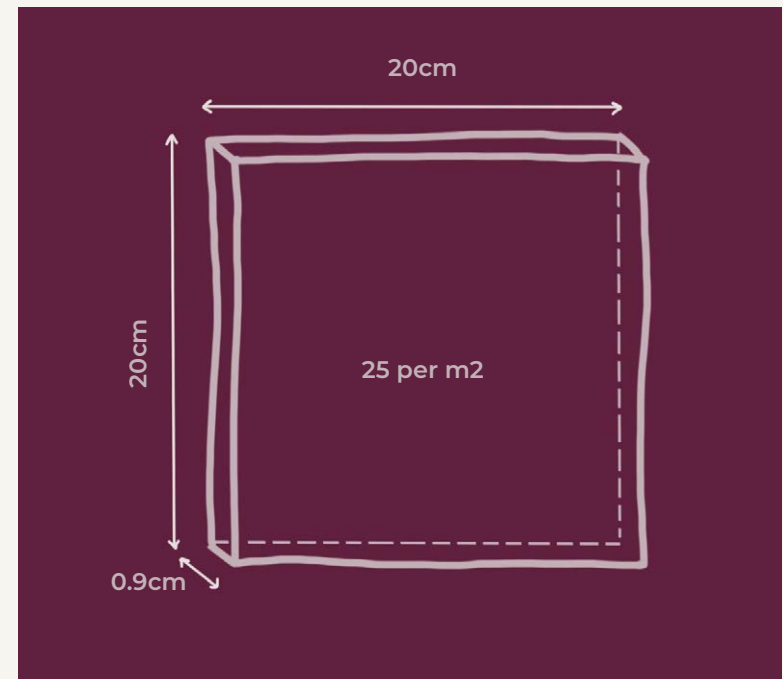

THE DETAILS

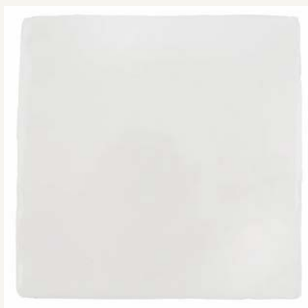

Our Delft Floor Tiles are handcrafted porcelain tiles, made in the EU with a matte finish and delicately decorated in the UK.

Each tile is made to order, so slight variations in design and colour are to be expected — adding to their unique, artisanal quality.

Crafted from porcelain, these tiles are not only durable but also environmentally conscious, using significantly less energy to produce than metal or plastic alternatives.

Please allow a 4-6 week lead time.

CARING FOR YOUR TILES

Taking care of your House of Petra tiles keeps them looking fresh and helps them last longer. Regular cleaning prevents things like cracks or mould, so you won't have to worry about costly repairs later. Plus, it helps keep your home looking great!

Use a mild, non-abrasive, pH-neutral cleaner to clean your tile surfaces.

Steer clear of abrasive pads, steel wool, metal brushes, or scouring pads, as they can scratch the glaze.

Alternatively, you can make your own by filling a spray bottle with 1/4-cup baking soda, 2 tbsp. dish soap and 2 cups water. Squirt the spray over the tiles, and wipe down with a damp cleaning rag. Wipe the tile with a damp cloth once more, and follow with a dry towel to prevent water spots.

For tile longevity, we recommend that you limit exposure to direct sunlight to ensure no colour fading occurs.
